RE: DOCKET #98P-0151/CP1

To Whom It May Concern:

I am writing today in support of a petition filed by Farm Sanctuary that would prohibit the slaughter of downed animals. These animals are helpless, weak and are usually dragged by the leg or neck or pushed by tractors and forklifts to the slaughterhouse. In addition, some downed animals may be afflicted with a form of BSE or other diseases and for the sake of the American public, this petition should be seriously considered.

Please include my signature on docket number 98P-0151/CP1 in support of this petition.

Thank you,

Janis O'Bannon
